KA150M

Sharing the same features as the KA150, the Mobile Potty Chair is height adjustable and features 5 inch castors (2x swivel, 2x locking). The Mobile Potty Chair is available in Adult, Junior and Child sizes and will fit over most toilets. All Mobile Potty Chairs are equipped with a potty bowl and a pelvic strap as standard. The anti corrosive frame has a powder coated finish.

Potty Chair Mobile

Seat widths for these models are the same as the Freestanding Potty Chairs. The adult model (KA150AM) has a seat height range from 575mm up to 745mm. The Junior model (KA150JM) adjusts from 505mm up to 675mm. The Child model (KA150CM) has a seat height adjustment range of 475mm up to 645mm.

KA150R

With its 5 inch castors (2x swivel, 2x locking) the Reclining Potty Chair combines the freedom of mobility with the capacity to tilt the occupant up to 30 degrees. Available in Junior and Child sizes, the reclining models include a fold up adjustable footplate in addition to the standard potty bowl and pelvic strap. The anti corrosive frame has a powder coated finish.

Potty Chair Reclining (tilt in space)

Seat widths for these models are the same as the Freestanding Potty Chairs. The Junior model (KA150JR) has a floor to top front of seat height of 655mm, and the Child model (KA150CR) has a seat height of 670mm.

Potty Chair Options

KA15L

Adjustable legs

These adjustable legs are available for all free standing potty chairs and allow up to an additional 160mm of height.

KA15CF/KA15JF

Fold up footplate

The fold up footplate can be adjusted in height and is available for all Child and Junior models.

KA15AFP

Leg rests

The leg rests are available for the mobile adult model and can be adjusted in height. They are fixed to the front of the mild steel frame.

KA15CST

Chest strap

A chest strap is available for all Potty Chair models. Manufactured from 50mm webbing, it is secured with a buckle.

IITL

Locking castor

The two swivel castors on mobile models can be upgraded to locking castors for extra stability.
