

ESSENTIALLY BETTER

Headboards, footboards and decors

Pleasing forms and colours
for your care beds

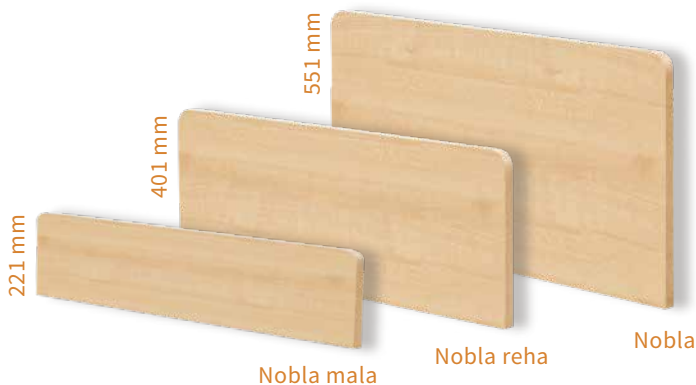

Headboards and footboards – personalised charm for our care beds

For many residents, the care bed is a home where they spend most of their time. So having an appealing bed is important to them. Stieglmeyer headboards and footboards offer numerous options for tailoring care beds to individual tastes. Elegant straight lines or pleasing curves create an individual look. Handle bars in different forms make it easier to move the bed and give the resident support when standing up in the room.

Nobla – the elegant head and footboard in three heights

Our Nobla headboard and footboard is ideal for those who are looking for an elegant style. There is a choice of three different sizes: the tall Nobla is particularly suitable as an opulent headboard, while the mid-height Nobla reha used as a footboard combines an unrestricted view of the room with protection for the person in bed. The low-height Nobla mala comes with the flair of a modern futon bed.

Decors – feel-good colours to suit every furnishing style

Wood creates a positive ambience in any room. It is stylish, cosy, enduring and natural. Stieglmeyer's care beds that are available in many decors create a pleasant, harmonious atmosphere. The choice of different shades of wood ranges from subtle Royal Maple to the warm-reddish tones of Real Cherry and the striking, dark-brown Bella Noce Choco. This enables the beds to blend easily with any furnishing style.

Lito and Lito reha

The subtle, curved shape of the Lito has an elegant, classic look. The harmony of the headboard and footboard is not disrupted by any unnecessary elements. Lito blends well with any furnishing style. Lito reha, the lower version, appears even more discreet, allowing the resident a free view into the room or out the window.

Headboard: Lito, footboard: Pino

Podego

With its timelessly elegant form, Podego brings a touch of home with every decor. The white tone of the Chalk decor brings brightness and a positive atmosphere into every care room and motivates the resident to take an active part in everyday life.

Chalk
U 11102 VV

Pino

The Pino is a stylish counterpart to the Lito. The Pino inverts the clear arc described by the Lito. No further elements distract from the harmonious design. The Pino gives the bed a happy, smiling appearance.

Headboard: Nobla reha, footboard: Nobla mala

Nobla

Clear right angles, playfully rounded at the corners – Nobla represents subtle elegance and comfort. This headboard also makes a fine impression in combination with high-quality textile or leather Softcovers. The residential home bed Carino – pictured here – transforms optically into a comfortable sofa during the day with Nobla head and footboards.

Camo

Nobla reha and Nobla mala

The Nobla reha is the mid-height variant of the Nobla. The Nobla mala is the low-height version. Both of these headboards and footboards allow an unobstructed view of the room or out the window. These discreet models lend low-height beds a futon-like elegance.

Headboard/footboard: Solvo

Alero

The Alero combines functional straight lines with the curve of the softly rounded handle. The contrast of wood and stylish metal accents to which the handle is fixed adds even more dynamism to the design. The handle is made of solid beech and is stained to match the chosen decor. The Alero is both modern and traditional in appearance.

Custodians of values Shapers of the future

STIEGELMEYERGROUP

Custodians of values

Our company was founded in Herford in 1900 and is still a family-run enterprise today. Respect and a sense of responsibility towards our customers, employees and partners form the basis for our day-to-day work. Based on these values and our many years of experience, we offer our customers all over the world high-quality products, solutions and services to meet the needs of the care and healthcare sectors.

Shapers of the future

In order to cope with rapid changes in the care and healthcare sectors, we develop all our products ourselves. Creating innovations and visions of what care will be like in future are the goals we pursue. We maintain regular contact with our customers in order to support them in their daily tasks. Implementing tomorrow's trends today is a successful tradition of ours.
