

The innovative care beds

Allura II

ADVANTAGES

The flexible models of the Allura II range all have a high load capacity with a choice of mattress base widths and a large height adjustment range. This means that they offer even heavy residents a high level of comfort and safety, while relieving the burden placed on carers.

- Safe working load: 250 kg
- Height adjustment range: 30 to 80 cm
- 24-volt drive system
- No leakage current measurements during expected service life
- Reverse-Trendelenburg position
- Selectively lockable handset
- Mattress base widths of 100 and 120 cm
- Tool-free safety side installation with Easy Click system
